

Dyna EV Chargers and Charging Stations for 2W/3W

Dyna is a leading supplier for battery charges in India with over 3 decades of experience.

To cater to growing EV market-Dyna has started supplying lead acid as well as Li-on battery chargers & battery packs for 2W/3W.

The most important benefit is matching battery & charger to improve battery performance & extend service life an improvement that cannot be designed with separate designs.

The driving force behind our success is a broad knowledge of charging systems, superior convection cooled products & competitive pricing.

Customers turn to Dyna for advice & improve battery reliability extend service life.

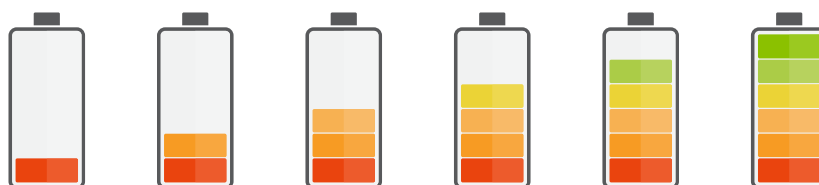

PRODUCT MATRIX (2W/3W) OF DYNA EV DIVISION

- Lead acid battery charger & charging stations.
- Li-Ion battery chargers.
- Li-ion & lead acid EV batteries.

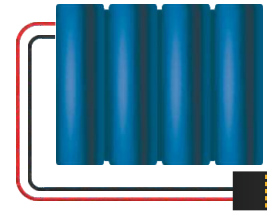

2W/3W – LEAD ACID CHARGERS & CHARGING STATIONS
(Indigenously designed, convection cooled, high reliability)

Model	DC-Output	Features
DYE 4803	48V/3A	SC,OC,OV,RB,AL BOX
DYE4806	48V/5A	SC,OC,OV,RB,AL BOX
DYE2350CS	48V/12.5A	SC,OC,OV,RB, Table Top Model
DYE4350CS	48V/25A	SC,OC,OV,RB, Table Top Model

Input – Output- thru 2 core cables, AC range 150V-285V, High efficiency, LED indications – Mains on/charge on operational- temp 0-50oC.

Dyna EV Chargers and Charging Stations for 2W/3W

2W / Li-on battery chargers.

AC input 150V-275v, Op Temp 0-50oC, High Efficiency

Model	DC-Output	Features
DYE180Li	48V/3A	Precise limit of voltage/current 54.6V - LED Indicators - Alumissnium Body - All Protections - (SC,CL,BR,Thermal Protection)
DYE360Li	48V/6A	
DY7206Li	72V/6A	
DY360LiA	60V/6A	

Li-ion Battery chargers (Under Development)

What Dyna Offers

1. Excellent infra, marketing & support team at Mumbai, Maharashtra.
2. Charging setup for EV batteries -Lead Acid as well as Li-ion
3. Controlled Temperature storage set up for Li – ion Batteries.

What Dyna is looking for

1. Distribution of large MNC/Indian Company's for EV Product like Li-ion cell, battery pack motors & other EV compenents for western Mumbai/Maharashtra/India.
2. Agency of USA, Japan, Taiwan companies EV components for imports/support/services in India.

Professional Lithium-ion & LiFePo4 Battery Solution Provider
